1 Stämförslag B.O. 2

Detailed description: The musical score is written for two staves in G major (one sharp) and 2/4 time. It begins with a 'Förspel' (prelude) consisting of two measures, with the first measure marked '1' and the second '2'. This is followed by a 'Dans' (dance) section. The first system of the dance contains two measures, with a first ending bracket over the second measure and a second ending bracket over the first measure. The second system contains two measures, also with first and second endings. The third system contains two measures, with first and second endings. The fourth system contains two measures, with first and second endings. The fifth system contains two measures, with first and second endings. The sixth system contains two measures, with first and second endings. The seventh system contains two measures, with first and second endings. The eighth system contains two measures, with first and second endings. The ninth system contains two measures, with first and second endings. The tenth system contains two measures, with first and second endings. The eleventh system contains two measures, with first and second endings. The twelfth system contains two measures, with first and second endings. The thirteenth system contains two measures, with first and second endings. The fourteenth system contains two measures, with first and second endings. The fifteenth system contains two measures, with first and second endings. The sixteenth system contains two measures, with first and second endings. The seventeenth system contains two measures, with first and second endings. The eighteenth system contains two measures, with first and second endings. The nineteenth system contains two measures, with first and second endings. The twentieth system contains two measures, with first and second endings. The twenty-first system contains two measures, with first and second endings. The twenty-second system contains two measures, with first and second endings. The twenty-third system contains two measures, with first and second endings. The twenty-fourth system contains two measures, with first and second endings. The twenty-fifth system contains two measures, with first and second endings. The twenty-sixth system contains two measures, with first and second endings. The twenty-seventh system contains two measures, with first and second endings. The twenty-eighth system contains two measures, with first and second endings. The twenty-ninth system contains two measures, with first and second endings. The thirtieth system contains two measures, with first and second endings. The thirty-first system contains two measures, with first and second endings. The thirty-second system contains two measures, with first and second endings. The thirty-third system contains two measures, with first and second endings. The thirty-fourth system contains two measures, with first and second endings. The thirty-fifth system contains two measures, with first and second endings. The thirty-sixth system contains two measures, with first and second endings. The thirty-seventh system contains two measures, with first and second endings. The thirty-eighth system contains two measures, with first and second endings. The thirty-ninth system contains two measures, with first and second endings. The fortieth system contains two measures, with first and second endings. The forty-first system contains two measures, with first and second endings. The forty-second system contains two measures, with first and second endings. The forty-third system contains two measures, with first and second endings. The forty-fourth system contains two measures, with first and second endings. The forty-fifth system contains two measures, with first and second endings. The forty-sixth system contains two measures, with first and second endings. The forty-seventh system contains two measures, with first and second endings. The forty-eighth system contains two measures, with first and second endings. The forty-ninth system contains two measures, with first and second endings. The fiftieth system contains two measures, with first and second endings. The fifty-first system contains two measures, with first and second endings. The fifty-second system contains two measures, with first and second endings. The fifty-third system contains two measures, with first and second endings. The fifty-fourth system contains two measures, with first and second endings. The fifty-fifth system contains two measures, with first and second endings. The fifty-sixth system contains two measures, with first and second endings. The fifty-seventh system contains two measures, with first and second endings. The fifty-eighth system contains two measures, with first and second endings. The fifty-ninth system contains two measures, with first and second endings. The sixtieth system contains two measures, with first and second endings. The sixty-first system contains two measures, with first and second endings. The sixty-second system contains two measures, with first and second endings. The sixty-third system contains two measures, with first and second endings. The sixty-fourth system contains two measures, with first and second endings. The sixty-fifth system contains two measures, with first and second endings. The sixty-sixth system contains two measures, with first and second endings. The sixty-seventh system contains two measures, with first and second endings. The sixty-eighth system contains two measures, with first and second endings. The sixty-ninth system contains two measures, with first and second endings. The seventieth system contains two measures, with first and second endings. The seventy-first system contains two measures, with first and second endings. The seventy-second system contains two measures, with first and second endings. The seventy-third system contains two measures, with first and second endings. The seventy-fourth system contains two measures, with first and second endings. The seventy-fifth system contains two measures, with first and second endings. The seventy-sixth system contains two measures, with first and second endings. The seventy-seventh system contains two measures, with first and second endings. The seventy-eighth system contains two measures, with first and second endings. The seventy-ninth system contains two measures, with first and second endings. The eightieth system contains two measures, with first and second endings. The eighty-first system contains two measures, with first and second endings. The eighty-second system contains two measures, with first and second endings. The eighty-third system contains two measures, with first and second endings. The eighty-fourth system contains two measures, with first and second endings. The eighty-fifth system contains two measures, with first and second endings. The eighty-sixth system contains two measures, with first and second endings. The eighty-seventh system contains two measures, with first and second endings. The eighty-eighth system contains two measures, with first and second endings. The eighty-ninth system contains two measures, with first and second endings. The ninetieth system contains two measures, with first and second endings. The hundredth system contains two measures, with first and second endings.
